

CZDM--ZD210 Undercarriage pontoon Technical Parameters

- Features:**
1. Low ground pressure;
 2. Big buoyancy;
 3. Three independence maintenance holes: the people convenient to repair and maintenance. Its our company's patent;
 4. Two 33 tons Doosan travel motor import from Korea;
 5. Three chains: high intensity wear-resisting material prolong the life of pontoon. much stronger and durable.
 6. Work in the swamp/soft/wetland terrain and widely used in dredging, cleaning river and fish pond, pipeline or power line construction ect.

Technical parameters:

Model	Length of pontoon	Travel motor	No. of chains	Counter weight clearance	Min. ground clearance	Width of pontoon	Overall width	Height of pontoon
ZD210	8600mm	33 tons Doosan from Korea	3	1900mm	1160mm	1800mm	5760mm	1700mm
